- Medical evidence was presented at the regular meeting of June 8, 2005, and Resolution No. 21-05 was adopted approving an industrial Disability Retirement application for Captain Bill Brown. The District was not aware at that time of new “determination” requirements for Industrial Disability Retirements that were implemented by CalPERS in May 2005 as a result of a California Supreme Court decision.
- Staff recommends adoption of the revised Resolution that incorporates the specific language now required under the Nolan decision finding William “Bill” V. Brown, Jr. **HAS** suffered a job related injury incapacitating him for the performance of duties as a Fire Captain with the District, and forward that Resolution to CalPERS.

## 3. Ambulance Service Delivery – Station 31—(Cantelme)

- Proposal to increase the number of Metro Fire medics in service by adding one additional ambulance at Station 31.
- The increase is due to changes in location of current medics – Medic 65 moved to Station 61; the Rancho Cordova/Fair Oaks medic service area has shown an increase in service demand and tends to have long transport times due to travel distances to the local hospitals; and the call volume has increased throughout the District.
- Staff recommends the Fire Chief be authorized to place an additional ambulance into service in the fiscal year 2005/2006.
- **Board Action:**  
*Kelly/Duveneck—approve the staff recommendation. Directors Duveneck, Engellenner, Goold, Jones, Kelly, Lawson, Trujillo, Valley, AYE. Director Granados, absent. Motion carried.*

**FIRE CHIEF'S REPORT—(Mette)**

- February 23, 2006 @ 7:00 p.m. – presentation by the District to the City of Citrus Heights City Council. Invited those interested to attend along with Director Goold, Director Trujillo, and President Engellenner.
- Transition Team is working on their final report. Anticipate sharing their findings within the next month.
- The old Sacramento County Fire Protection District Administration Building [3121 Gold Canal Drive, Rancho Cordova] has been vacated by the City of Rancho Cordova who now has its own facility. The District's current Administration Building does not have adequate space and space is being leased next door. Looking for direction on possibly selling both properties and bringing all personnel under one roof.

President Engellenner felt this was a good idea and suggested bringing something back to the Board.

Director Duveneck recommended looking at all options.

Fire Chief Mette stated he would bring back some alternatives to the Board.

- February 28, 6:00 p.m. @ the Realtors Association Building, 2003 Howe Avenue – Annual Employee Recognition Ceremony – Invited everyone to attend.

**BOARD MEMBER QUESTIONS AND COMMENTS:****Goold:**

- In favor of going back to the traditional and appropriate process relative to Presentation items to the Board. Presentations allow public and Board discussion, with direction to Committees to formulate policy and bring the issue back to the Board as an Action Item.

**Lawson:**

- Thanked the volunteers, Local 522, and Administration for their efforts on Fill-the-Boot. The community generously donated \$125,000 to the Burn Institute.
- Thanked the Directors for electing him as Chairman of the Policy Committee.
- The statements of Directors on the process of Presentation and Action items will be taken under advisement. He stated he would like to talk to the General Counsel regarding this issue after the meeting if possible.

**Valley:**

- Agreed with Director Goold on Presentation items. Would like issues to go to a Policy meeting and then to the full Board for discussion, without Board members coming to the Committee meeting and possibly incurring a problem with the Brown Act if there are five present.
- Proud of the firefighters and the many things they do for the community.

**Jones:**

- Thanked all of the employees and public for supporting the Burn Institutes' Boot Drive.
- Concerned with the process on Presentation items as mentioned in earlier comments. Urged the Board to get back to the process of discussion to possibly formulate even better ideas.

**Kelly:**

- Acknowledged the concerns by some Board members but felt items should be looked at on a case-by-case basis. There is no harm in presenting and voting on an action the same evening depending on what it is. Whether the Chair makes those decisions or maybe the Chief could lend some expertise and determine if an item needs to be drawn out in two meetings. Not every item needs to be presented one week and considered for action two weeks later at a Board meeting.
- Thanked Metro staff and Firefighters Local 522 that came out and supported Snow Day put together by the Building Trades and Council Member Hammond's office. The children had an opportunity to play in the snow and the Firefighters and Building Trades members cooked the food. Thanked Pat Monahan, Skip Nance, and Bob Webber who did a fine job contacting local media.
- Welcomed General Counsel Dick Margarita and congratulated him on his first meeting.

**Trujillo:**

- Congratulated Cristy Haverty on receiving The Communicator Awards tonight and her service to the District.
- Thanked Battalion Chief Ellis on his excellent presentations tonight. The Committee unanimously voted to bring forward the three items discussed and felt there was adequate discussion and presentation by Chief Ellis to bring it to the full Board.

- Thanked Battalion Chief Ellis for his service as PIO and noted the importance of the Public Information Officer, which is a twenty-four hour job. Chief Ellis has been doing this solely and he was glad an additional PIO was approved to go forward.
- Thanked Local 522 for doing an outstanding and professional job in their efforts on Fill-the-Boot for the Burn Center.
- Welcomed General Counsel Margarita.

**Duveneck:**

- Congratulated Cristy Haverty and her proud father, Assistant Chief Haverty.
- Thanked Chiefs Cantelme and Ellis on their excellent presentations.
- Welcomed Counsel Margarita.
- Thanked the Metro and City firefighters that serve us so well throughout the whole jurisdiction. He drives on Highways 50 and 99 and has seen the firefighters out there in dangerous situations trying to provide accident and medical coverage.

**Monahan:**

- Captain Pat Monahan, Vice President of Local 522, acknowledged Captains Rowell and Daw and the efforts of the staff who supported the Local's Boot Drive for the Burn Institute. Initial reports indicate approximately \$125,000 was raised at just the one location of Sunrise and Greenback in Citrus Heights. Other outlying agencies participate in the Boot Drive, with about ten agencies left to collect from. Total combined contributions last year exceeded \$360,000. Thanked the citizens of the community for their generosity.

Provided a brief history of the inception of the Burn Center envisioned by retired Sacramento City Fire Captain Cliff Haskell. The Local has agreed to a donation of over \$1 million, with the possibility of donating \$2 million within a two-year period. Encouraged everyone to visit the Burn Institute on Stockton Boulevard.

Director Jones suggested on a light agenda, invite the representative for the Burn Institute to give an overview presentation of the multiple projects that the Burn Institute is involved in.

Anyone wishing to contribute can call Local 522 at (916) 739-8522 or the Burn Center at (916) 739-8525.
